**CREATE YOUR SPACE**

## WHO THE FUNC?

An ever-changing world needs ever-changing spaces. Fun and functional spaces that you create when you need them. Breakout zones, touch down spaces, study nooks, conversation corners; you name it, you can do it. Our award-winning range of screens, mobile walls and wall tiles are designed and made right here in the US, using the latest sustainable sound absorbing materials. At func. we believe you should create your space and share your ideas, not your noise.

### What's your space?

		<b>Configure your world</b> Don't just settle for a plain product - mix and match your colors, pick a print, add some accessories, and option it up to make your space your own.
		<b>Acoustic design</b> Acoustic theory meets the latest sound absorbing materials to create products that improve the acoustic performance of almost any space.
		<b>Protect your people</b> Create safe spaces with our bleach cleanable, low VOC, and formaldehyde-free materials. They're Red List Free, have Class-A fire rating, and an enviable NRC.
		<b>Real recycling</b> Our PET is made from 60% post-consumer recycled PET bottle, 35% pre-consumer PET chips and 5% bio-based PLA so its 100% recyclable.
		<b>Made in the USA</b> We aren't just about supporting our economy, we're about fast delivery, quality craftsmanship and less carbon intensive transportation.

Unna Benching Screen in Mandarin

## BENCHING SCREENS

Unna Benching screens convert tired tables and uninspiring workbenches into enviable touchdown spaces. Coming in different depths with optional acrylic panels, they create open, personal spaces that take the cost out of converting what you have into what you need.
