Care Instructions

- Vacuum and wipe clean routinely with a microfibre cloth lightly dampened with cold water only.
- Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining.
- Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water then apply approved infection control protocol: Haz Tabs, Chlor Clean or Shield Plus etc. As the concentration of bleach can vary greatly among proprietary brands we recommend these be avoided but in extreme circumstances a 5% solution may be used. Remove product residues and then dry with clean absorbent cloth.
- Do not steam clean - heat seals in stains.
- Do not tumble dry.
- Do not dry clean.
- Do not fully immerse in water.
- Do not apply solvents, alcohol or any other chemical cleaners.

- 1 Anti-Microbial ShieldPlus Protection permanently inhibits the broadest spectrum of microbes (even C diff spore) and prevents nasty odours.
- 2 Stain Resist - PFAS free technology combining effectiveness with environmental consideration.
- 3 Fabric - Comfortable but durable to suit the most extreme environments.
- 4 Waterproof film - Hydrostatic head test exceeds standard requirement of 1 metre.
- 5 Flame Retardant - Passes UK and most international contract FR standards.
