

LV 500 PureFlow - 2-in-1 air purifier and fan

2-in-1 high efficiency: Air cleaning and cooling efficiently combined

Air cleaning using a 3-layered filter system (pre-filter + HEPA H13 filter¹⁾ + activated carbon)

Powerful flow of air for strong refreshment

Clean air all year round – cooling on hot days

Air is cooled by swirling the air

5 programs to choose from: Basic, Nature, Sleep, Child and Automatic for tailored use

Smart automatic mode: Detects particles measuring 2.5 µm and adapts the cleaning performance to the ambient air

Colour indicator shows the current ambient air quality

12 fan levels

Oscillates 130° – fan rotates in order to optimally distribute the air

Modern design without rotor blades

Lights-off function: Display and indicator light can be switched off at any time at the touch of a button

Quiet operation at low settings

Timer function: 1–12 hours

Displays the current room temperature

Replaceable filters with filter change indicator

Easy to use thanks to magnetic remote control

Article number: 10500

EAN: 4211125105006

Master carton packaging unit: 1 pcs

Guarantee: 3 years

Product dimensions (L x W x H): 110.50 cm x 23.50 cm

Weight (without packaging): 5.5 kg

¹99.95% of particles (e.g. bacteria, viruses, fine dust, pollen) can be filtered out
