MP 200 - StudioNails Pro - Manicure/pedicure station

3 functions combined in one device: Nail cutter, UV/LED lamp and nail dust extractor

Also suitable for the use of acrylic and gel nails and UV varnishes

The powerful device runs at up to 26,000 rpm and enables efficient, fast nail care. Includes 10 high-quality attachments made of sapphire, felt and carbide

- The clockwise/anti-clockwise rotation enables versatile use and is suitable for both right-handed and left-handed users
- Extra-slim shape for precise manicures/pedicures and precise filing and shaping of nails
- Thanks to the aluminium housing, the nail cutter works quietly with minimal vibrations and does not generate high temperatures
- 9 high-quality attachments made of sapphire, felt and carbide for tailored use as required
- The extraction function ensures clean working and prevents nail dust from being swirled up
- The integrated filter is durable, removable and quick to clean
- The integrated UV/LED nail dryer provides efficient nail drying for long-lasting results
- The UV/LED nail dryer is suitable for all UV-cured varnishes and gels, thereby guaranteeing optimum results regardless of which varnish or gel brand is used
- Professional manicure/pedicure like in a nail salon
- The compact design means the device can be easily transported and stored
- Each function can be used individually and independently of the others
- For professional nail and foot care
- For artificial nail modelling
- Attachments are suitable for diabetics
