S-250e

TRACKED SHREDDER

The ES-250E is a tracked primary shredder capable of effectively and reliably shredding virtually any type of material. The ES-250E is designed to meet the needs of plants in which the incoming materials vary greatly in terms of size, composition, and difficulty to shred.

The interaction between the rotating knives on the dual shafts running asynchronously in both directions ensures the input material is constantly moving to prevent bridging and maximizing shredding efficiency.

FEATURES

- Aggressive 8 Knife heavy duty cutting table
- Intelligent electrical control unit
- Variable speed main conveyor
- 4 Meter tracks for superior maneuverability and stability
- X2 220kw Electric Motors
- User Friendly Hydraulic Controls
- Double Hydrostatic drive transmission
- Auxiliary Engine for Tracking and Set up Functions

DIMENSIONS AND CAPACITIES

MOTORS	WEG W22 IE3 (X2)	WORKING MAX HEIGHT	3.5M (11'-6")	STOCKPILE HEIGHT	3.4M (11' - 1")
TRANSPORT HEIGHT	3.50M (11'-6")	WEIGHT	42,000KG	PRODUCTION RATE (MAX)	120TPH (MATERIAL DEPENDENT)
TRANSPORT LENGTH	9.54M (31'-4")	WORKING MAX LENGTH	15.1M (49'-7")		
TRANSPORT WIDTH	3.01M (9'-11")
