

# The **BIG STUFF CADDY**

www.Bigstuffinc.com

## **BIG STUFF CADDY LITE**

Moves dumpsters that would normally require 1 or 2 personnel.  
Up to 2000lbs capacity on a level surface. Slight inclines.

## **BIG STUFF CADDY STANDARD**

Moves dumpsters that would require 2-3 personnel.  
Up to 5000lbs capacity on a level surface. Moderate to steep inclines.

## **BIG STUFF CADDY HD**

Moves dumpsters up to 10,000lbs on a level surface.  
Will move loads up steep inclines such as parking garage ramps.

## **BIG STUFF CADDY TRASH HAULER**

Used for moving sausage bag compactor trash or collecting general debris.  
Multiple options for tip bin size and height. Models range from 1,000lb capacity to 5,000lbs capacity over a flat surface. Slight to steep inclines.

## **BIG STUFF RIDER CADDY**

Used primarily for moving dumpsters over longer distances.  
Up to 10,000lbs capacity on a level surface. Slight to steep inclines.

Capacity estimates are based on use over a level, dry surface.
