## What is the best way to clean my Merlyn Shower?

- It is important to clean you glass after every use - wipe down with a soft cloth.
- Install the enclosure in a well - ventilated area.
- Do not let limescale to build up in hard water areas.
- Ensure that any residual water on the glass is removed after every use.
- Clean the glass regularly with soapy water.
- DO NOT use any abrasive products on any surfaces.

Always read the instructions on the packaging, chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals which may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.
