Exercise A11.1: Derivations wordsearch

The table below contains words from Chapter 11. Next to each Latin word is an anagram of an English derivation, and an explanation of the English word's meaning.

Unscramble each anagram and then find the unscrambled derivation in the wordsearch.

	Latin word	anagram	unscrambled English derivation	explanation
1	dēbeō, dēbēre, dēbuī, dēbitum	tebid		to take money from an account because it is owed elsewhere
2	relinquō, relinquere, relīquī, relictum	querinhlis		to give something up or leave it for someone else
3	adveniō, advenīre, advēnī, adventum	tvande		in the Christian calendar, the time which prepares for the arrival of Christ
4	taceō, tacēre, tacuī, tacitum	attyicl		to do something silently
5	socius, sociī, m	yeticos		a group of individuals within a shared community
6	unda, undae, f	duunteal		to move with a rising and falling, like a wave
7	validus, valida, validum	teadavil		to strengthen an argument or idea by confirming it to be true
8	pāx, pācis, f	picyfa		to restore peace by subduing or appeasing something which is angry or aggressive
9	tempus, temporis, n	merryatop		for a time only, not permanent
10	putō, putāre, putāvī, putātum	tapteuvi		supposed, generally thought or considered to be so
