

Exercise C14.2: Indirect statement

Each sentence below contains an indirect statement. Underline all the words which make up the indirect statement and identify the tense of the infinitive which would be needed to translate its verb into Latin. You should also identify whether the infinitive needed would be active or passive.

1. The woman hoped that her husband would not suffer.
2. The leader of the army noticed that many soldiers were being captured.
3. The woman reported that the same senator was still alive.
4. He announces in the forum that the leader is setting out with a huge army.
5. They say that there will be much blood and many wounds.
6. I promised that he would suffer.
7. We do not know that the army will destroy the enemy.
8. I knew that good things had been done.
9. The inhabitants thought that there was no hope.
10. The father found out that the children had dared to go out.
