

## Exercise B15.6: Forming gerundives

The following exercise uses verbs from the vocabulary lists for Chapters 13–15.

For each of the verbs given below, circle the present tense stem, identify the conjugation, and then give and translate its gerundive.

Remember that deponent verbs form their gerundive in exactly the same way as the non-deponent verbs in their conjugation.

|    | principal parts                         | conjugation | gerundive (in Latin and English) |
|----|---|-------------|----------------------------------|
| 1  | sequor, sequi, secutus sum              |             |                                  |
| 2  | conor, conari, conatus sum              |             |                                  |
| 3  | scio, scire, scivi, scitum              |             |                                  |
| 4  | spero, sperare, speravi, speratum       |             |                                  |
| 5  | audeo, audere, ausus sum                |             |                                  |
| 6  | loquor, loqui, locutus sum              |             |                                  |
| 7  | ago, agere, egi, actum                  |             |                                  |
| 8  | opprimo, opprimere, oppressi, oppressum |             |                                  |
| 9  | miror, mirari, miratus sum              |             |                                  |
| 10 | cogito, cogitare, cogitavi, cogitatum   |             |                                  |
