

Exercise A12.2: Case endings

Circle the stem, give the meaning, and identify the declension of the following nouns and adjectives from Chapter 12. Then give the new form requested. Remember that **nēmō** and **nūllus** are irregular; you can see their forms on p251 in the Reference Grammar.

| | Latin | meaning | declension | |
|----|-------------------------------|---------|------------|---------------------------|
| 1 | nēmō , nūllūs | | | accusative sg = |
