

Mastering Arabic: online audio flashcards

Review and test yourself on the key vocabulary in the *Mastering Arabic* courses using these interactive online flashcards.

On this website you will find links to free online audio flashcards to accompany *Mastering Arabic 1* and *Mastering Arabic 2*. Each set of flashcards contains key vocabulary for review, divided according to the units of the main courses.

Mastering Arabic 1

Mastering Arabic 1 flashcard sets cover a number of units grouped together (with the exception of the review units 8, 15 and 20). Plurals are only included if they have been introduced in the main course. On this website you will find the link to the Memrise course for the 3rd edition of *Mastering Arabic 1*.

Mastering Arabic 2

Mastering Arabic 2 has a dedicated set of flashcards for each unit (with the exception of the review units 7 and 14). Plurals are included for all nouns.

How to use the flashcards

You can study the flashcards via your web browser, or by downloading the free Memrise app to your smartphone and then linking to the *Mastering* flashcards you have previously chosen online. The flashcards will enable you to learn the vocabulary using techniques specifically designed to increase long-term memory retention.

The *Mastering Arabic* flashcards do not include the short Arabic vowels (with the exception of the doubling sign *shadda*). This is to enable you to start recognising Arabic words without vowels from the beginning, since this is how they are usually written. The audio will remind you of the pronunciation. The Arabic answers should also be keyed without vowels.

We hope these flashcards will be an invaluable companion to your *Mastering Arabic* course, both for unit-by-unit study of vocabulary and for ongoing review.
