

Mastering Arabic: *Country links*

It is difficult to provide up-to-date links to external websites where you can read in Arabic about life in the countries of the Middle East. It is better for you to search for relevant terms and then follow the links yourself.

We have provided some Arabic search terms below to help you start your journey. You can add other search terms to the list, according to your interests.

If you want to restrict the search to a particular country you can add في ('in') plus the name of the country. For example:

agriculture in Egypt الزراعة في مصر

famous people in Algeria الشخصيات الشهيرة في الجزائر
