

MEDIEVAL WORLD REFERENCE LIBRARY

Access the global Middle Ages

From Medieval life and culture, and a history of the Vikings, to Medieval literature and more

Offering international insights into the history of the Middle Ages, this digital resource provides accessible, expert reference works covering a rich breadth of key subject areas. This is an invaluable go to resource for students and scholars looking to understand the lives of Medieval people.

- Read student-friendly content such as historical encyclopedias, biographical dictionaries, and more.
- Explore interdisciplinary coverage of life in the global Middle Ages through topics such as gender, regional studies, literature, religion, conflict and crisis, culture, and more.
- Expands knowledge beyond a Western focus to provide in-depth understanding of life and connections across the Medieval world.
- Discover multi and single volume reference works from ABC Clio, an established major reference work publisher in the field.
