Chapter 8

Key points

- Analyse the situation. What exactly is going wrong?
- Ask for help and support as soon as you recognize there are issues.
- Identify the key problem. Often one key problem leads to other problems.
- Make an action plan and prioritize your actions.
- If you are unsuccessful on a placement try not to make hasty decisions. Get advice and thoroughly consider your options.
- If you decide that teaching is not for you, your experiences will not be wasted. Take what you have learned and let it help you in whatever you do in the future.
