

PRACTICE PIZZA INSTRUCTIONS

1. Print on heavy weight paper.
2. Cut out circle and arrow carefully.
3. Using a brass fastener attach the arrow to the circle aligning the green circles.
4. Fill in the areas of the pizza with material that you want to review with your student.
5. Have your students spin the wheel for their selection to review the chosen material.

Practice Pizza

Cut out the pizza and the arrow. Write any material that you want to review on the different pieces of the pizza. Use the fastener provided to attach the arrow to the center of the pizza. Spin the arrow and do your best to review the skill.
