

Eerdmans

Bible Commentaries: New Testament

Contains 54 authoritative commentaries which offer insights on every book of the New Testament from leading international scholars. Hailing from a range of denominational backgrounds, these world-class Bible authorities lend their expertise to exegesis which draws on linguistic, literary, archaeological and historical scholarship to provide a rounded picture of the biblical text. The series from which these commentaries are drawn include *Eerdmans Commentary on the Bible*, *The Eerdmans Critical Commentary*, *The New International Commentary on the New Testament*, *The Pillar New Testament Commentary*, the *International Theological Commentary* and *The Two Horizons New Testament Commentary*.

Eerdmans

Bible Commentaries: Old Testament

Presents 79 extensive commentaries drawn from six key series which cater to readers with a range of experience, from the accessible *Illuminations Commentary Series* and *Eerdmans Commentary on the Bible* to the weightier *International Theological Commentary* and *New International Commentary on the Old Testament*. Other series included are *The Two Horizons Old Testament Commentary* and *The Eerdmans Critical Commentary*. Each series is authored by an ensemble of world-class biblical scholars who draw on a range of interpretative tools to offer careful insight into each book of the Hebrew Bible.

Eerdmans

Digital Reference Library

Comprised of 41 core reference works designed to support the interdisciplinary study of theology, religion, and the Bible. Featuring the 17-volume *Theological Dictionary of the Old Testament*, the 10-volume *Theological Dictionary of the New Testament*, the award-winning *Eerdmans Encyclopedia of Christian Art and Archaeology* and more, this digital product will be an essential companion for students and scholars wishing to enrich their understanding of the Bible and subsequent scholarship and traditions.
