Re: Registered TrustLine Applicant PerID 4600785431

Dear Katie Provinziano,

TrustLine is a registry of individuals who have cleared a criminal record background check for disqualifying criminal convictions and a California Child Abuse Central Index check for reports of substantiated child abuse. The criminal record clearance will always include the California criminal background check but may not include the FBI check. Prior to January 1, 1999, an FBI criminal record background check was optional. Since January 1, 1999, all TrustLine applicants are required to undergo this check. If this individual applied to TrustLine prior to 1999, you may contact the California Department of Social Services at 1-888-422-5669 to determine if the background check this individual received included the FBI check.

As of 4/21/2026 the following individual with the following identification number is registered on the TrustLine Registry. They were registered on 5/2/2025.

Kaela Rae Phetmisay ID# F7660320

The TrustLine program is operated collaboratively by the California Department of Social Services and the California Child Care Resource & Referral Network (Network).

If you have any questions, please call the Network's TrustLine Program at 1-800-822-8490.

Sincerely,

N. O'D

Nick O'Dowd
TrustLine Director
