About the book: Learn how to tell time in English and Spanish!

iEs la hora de los esqueletos! / It's Skeleton Time! teaches how to tell time in English and Spanish. Following an adaptation of a traditional Costa Rican song, a group of skeletons jump out of their tombs and engage in fun activities as the clock strikes each of the 12 hour marks. With illustrations and back matter that reference the popular Day of the Dead festivities of Mexico and Central America, this bilingual rhyming book brings a fresh perspective to the Halloween season.
