

ONE V ONE

This game tests your one v one dribbling skills as well as your shooting and defending. To play you will need three players, and mark out a goal and a playing area.

1

Start with one player each side of the goal and a goalkeeper, and place the ball the other end of the play area. The goal keeper will shout 'Go' to start.

2

Both players must then race to the ball, with the first one to get it becoming the attacker and the other the defender.

3

The attacker then has to try and score past the defender and goalkeeper.

4

The round ends with the attacker scoring or the defender getting the ball out of play. Rotate the goalkeeper and repeat!
