USER MANUAL

Connect to your WiFi

Ensure your mobile phone is connected to your 2.4GHz WiFi network.

Your mobile phone and your smart device needs to be within good signal strength range of your WiFi router. (Refer to your router specifications for max range.)

Download the BrilliantSmart App

Please download the free BrilliantSmart app from the App store or Google Play store, or scan the QR code below.

## Register the BrilliantSmart App

Open the BrilliantSmart app.

For new users, register a new account or if existing user, login with your user name and password.

Configure your BrilliantSmart App

Setting up your Home
You can setup multiple homes or locations. Click **'Add Home'** button. Or Click on **'Home'** top left if you are adding or modifying details then **'Home Management'** to setup your home(s), add or rename rooms and share devices.

Add your Smart Device to your App

1. On initial power-on, the globe will begin blinking rapidly and be ready to pair (2 times per second).
   (If smart globe does not start blinking, turn wall switch OFF/ON 3 times or until light starts to blink rapidly.)

2. Open the BrilliantSmart App, tap **'Add Device'** (if empty room) or **'+'** to add your smart globe.

3. Select **'Lighting'** in the list of devices. If globe is blinking rapidly then press **'Confirm indicator rapidly blink'.**
