

10m LED Strip Light Kit

19530, 19531

Before first using your new Brilliant Strip Light Kit, it is most important that you read and follow these instructions, even if you feel you are quite familiar with this type of product.
Find a place and keep this document handy for future reference.

Note: The LED Strip Light driver is suitable for indoor use ONLY.

Installation:

Your LED Strip Light consists of the following components:

- LED driver with inline switch and Concentric Barrel Plug.
- 10m Roll of LED Strip, with self-adhesive backing.
- Link cable 4EA, Cable clips 8EA, Saddles 20EA, Screws 40EA.

1. Unpack LED driver 'A' and LED Strip roll 'B' from the packaging and place on a clean, flat surface.
 2. Uncoil LED Strip 'C' from the Strip Roll 'B' and measure to required length.
 3. Using a sharp pair of scissors, trim LED Strip light to required length cutting carefully along cut marks 'D' provided.
 4. If required, place link cable 'I' on a flat surface with 4 spikes facing up. Place LED strip 'C' on top of these spikes with LED chips facing up. Use Cable clip 'J' to press LED strip 'C' into connector of link cable 'I' and make sure spikes pierce through LED strip.
 5. Uncoil cable 'E' from LED driver and connect concentric barrel plug 'F' to concentric barrel socket 'H' on LED Strip light.
 6. Arrange Strip Light in configuration as required for final installation.
 7. Ensure that surface for installation is smooth, flat and clean. Remove any dust or dirt with an alcohol based cleaner prior to application.
 8. Starting from the end to be connected to the concentric barrel connector 'H', remove the protective cover from the self-adhesive backing and position the first length of LED Strip in place. Work the strip manually to remove any bubbles or lumps and so that the strip adheres evenly to the application surface. NOTE: LED Strip will not adhere effectively to some rough or untreated surfaces such as rough timber, brick, etc.
 9. Connect the LED driver 'A'. Cable can be held in place using saddles (20EA provided) if required.
 10. Connect LED driver to a mains power outlet and switch on.
- NOTE: MAX length of the LED Strip Light is 10m, do not Exceed this length.

10m LED Strip Light Kit
