

Modular LED Strip Light Kit 17558, 17559

Before first using your new Brilliant Strip Light Kit, it is most important that you read and follow these instructions, even if you feel you are quite familiar with this type of product.
Find a place and keep this document handy for future reference.

Note: The LED Strip Light plug pack driver is suitable for indoor use ONLY.

WARNING:

- The plug pack supplied with this product is for indoor use ONLY.
- Failure to follow these instructions may result in breakages and will invalidate warranty.
- For safety reasons repair or inspection to plug pack transformer must be done by authorized personnel.
- If product is functioning irregularly, please TURN OFF the power and contact the nearest authorized dealer.
- Do not perform modification or change parts.
- Use only with plug pack transformer supplied, using with other drivers or power supplies will void the warranty.

SPECIFICATIONS:

Protection : Class II. (Plug pack does not require earth connection.)
Voltage: 240V - 50Hz
IP Rating of LED Strip : IP 65

Installation Preparation:

Your LED Strip Light consists of the following components:

- Plug Pack driver with inline switch.
- 3 x Self-adhesive LED Strip 'F' – 3 x 60cm.
- 2 x Self-adhesive LED Strip 'F' – 2 x 30cm.
- 3 x Right-angle corners 'H'.
- 2 x T shape pieces 'J'.
- 8 x 4-pin connectors 'G'.

1. Unpack plug pack transformer, LED strips, connectors and corners from the packaging and place on a clean, flat surface.
2. Layout all components in the configuration required on a flat, smooth dry surface.
3. Uncoil cable 'B' from plug pack transformer 'A'. The positive power pin is marked on the power connector 'D' via the ► symbol, and should be connected to the LED Strip aligned with the "+" marking.
4. Connect Strip Lights components to test before final installation. To ensure that Strip Lights are connected in the correct polarity, make sure that the "+" marked adjacent to the socket on each Strip lights end are aligned with the corresponding "+" marking on the adjacent length of Led Strip.

NOTE: MAX length of the LED Strip Light is 2.4m, not including 3 x corners, do not Exceed this length.

Modular LED Strip Light Kit

17558, 17559

Installation :

1. Arrange Strip Light in configuration as required for final installation.
2. Ensure that surface for installation is smooth, flat and clean. Remove any dust or dirt with an alcohol based cleaner prior to application.
3. Starting from the end to be connected to the Power connector 'D', remove the protective cover from the self-adhesive backing and position the first length of LED Strip in place. Work the strip manually to remove any bubbles or lumps and so that the strip adheres evenly to the application surface. NOTE: LED Strip will not adhere effectively to some rough or untreated surfaces such as rough timber, brick, etc.
4. Ensuring that the next component is positively connected to the first length of strip via connectors 'G'; with polarity markings aligned, remove self-adhesive backing and repeat application process.
5. Utilise right-angle corner pieces 'H' and T shape pieces 'J' as required.
6. Cable can be held in place using cable clips if required (not provided).
7. Connect plug pack LED driver to a mains power outlet and switch on.

Warranty:

Brilliant Lighting warrants this product against defects in manufacture and workmanship for a period of 1 year from date of purchase. This warranty is only valid for products installed by a qualified electrical contractor and operated within the guidelines specified by Brilliant Lighting, and within the correct operating voltage ranges as stated on the product's rating label.

Warranty does not include damage or loss arising from incorrect installation, operation or maintenance of this product, damage caused through modification, incorrect installation, service by unqualified or unauthorised personnel or lack of regular maintenance and cleaning. Proof of installation by qualified personnel may be required, e.g. Electrical Safety Certificate. Proof of purchase must be supplied with all warranty claims.

This warranty is provided in addition to any other rights and remedies of the customer under any law. In applications not intended for household, personal or domestic use, liability is limited to replacement or reimbursement of product only. Brilliant Lighting does not warranty the costs of removal or re-installation of this product or associated components.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

Any claim under this warranty must be made within 1 year of the date of purchase of the product. To make a claim under the warranty; at your own expense take the product (with proof of purchase – receipt or similar) to the store where you purchased the product or contact Brilliant Lighting at the address below.
