

# LENNOX 12V WARM WHITE/BLUE LED DECK LIGHT KIT

## 20018/20019

### 10 PACK 40mm

Before first using your new Brilliant DIY product it is most important that you read and follow these instructions, even if you feel you are quite familiar with this type of product. Keep this document handy for future reference.

## DIY INSTALLATION

### For Your Safety

- To prevent electrical shock, please ensure that power is OFF before the installation.
- Total wattage's of lights must not exceed the wattage of the transformer.
- There are no user serviceable parts within this kit. If transformer fails, replace with an identically rated unit.
- If you aren't familiar with this type of DIY fitting or unsure how to install it contact a licenced electrician for installation.

### INSTALLATION:

- 1) Switch off the mains power (do not plug in the transformer into power supply) before commencing installation.
- 2) Position the transformer near a convenient weatherproof power outlet.
- 3) Position the lights in the selected locations, and ensure there is sufficient cable to reach the transformer. It is suggested that the fittings are not placed in a pedestrian area.
- 4) Cut holes in the selected surface, large enough to accommodate the light fittings. (Nominal size – diameter 30mm. Depth > 25mm)
- 5) Place the LED lights “A” into the holes.
- 6) Connect male connectors “B” into female connectors “C” attached to each fitting (refer above) and ensure the connectors are placed in a well drained position. Ensure the connections are secure and firm.
- 7) Connect 10 pcs LED lights “A” to LED power supply “D” with 10m extension cable “E”
- 8) Fit end cap “F” and end cap ring “G” to the last connector.
- 9) Plug the transformer into the power outlet, and switch the mains power ON.

### Specifications:

**Voltage:** Input 230/240V AC 50Hz  
**Output:** 12V DC - Extra low voltage  
**LED :** 0.3W Max LED Each head  
Total: 3.4 W power consumption  
**IP Rating:** IP65

#### Warranty:

Brilliant Lighting warrants this product against defects in manufacture and workmanship for a period of 2 years from date of purchase or as specified elsewhere. For products used in non-domestic or commercial applications, Brilliant Lighting warrants this product for a period of 3 months from date of purchase. This warranty is only valid for products installed and operated within the guidelines specified by Brilliant Lighting, and within the correct operating voltage ranges as stated on the product's rating label.

Warranty does not include damage or loss arising from incorrect installation, operation or maintenance of this product, damage caused through modification, incorrect installation, service by unqualified or unauthorised personnel or lack of regular maintenance and cleaning. Proof of installation by qualified personnel may be required, e.g. Electrical Safety Certificate. Proof of purchase must be supplied with all warranty claims.

This warranty is provided in addition to any other rights and remedies of the customer under any law. In applications not intended for household, personal or domestic use, liability is limited to replacement or reimbursement of product only. Brilliant Lighting does not warranty the costs of removal or re-installation of this product or associated components.

*Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.*

Any claim under this warranty must be made within the specified warranty period from date of purchase of this product. To make a claim under the warranty; at your own expense take the product (with proof of purchase – receipt or similar) to the store where you purchased the product or contact Brilliant Lighting at the address below.
