

BEAMER SECURITY LIGHT & SMART WiFi CAMERA

Keep your home secure and brightly lit when motion is detected

WiFi
NO HUB REQUIRED

Works with
IFTTT

Secure your home with the smart floodlight combines with a powerful movement sensor and camera. The security light comes on when sensor detects movement.

- Full high definition resolution 1080P (FHD) camera.
- Remotely operate the camera up, down, left and right from anywhere from your phone/tablet.
- Advanced PIR motion detection identifies slight changes in movement and sends a notification to your phone/tablet.
- See in the dark with built-in infrared night vision.
- Manually record live video direct to your phone via the BrilliantSmart app. Recorded SD card footage is encrypted and can only be viewed through the BrilliantSmart app
- Built in memory card slot supports up to 128GB SD card. Older footage is overwritten. Recording is motion activated when SD card is installed (card not included).
- Adjustable sensor functions on time, motion and light sensitivity.
- IP44 weather resistant rating.
- Made from durable UV stabilised ABS and polycarbonate offering that is ideal for coastal environments.
- Lux setting, detection: 150°x10m, time on: 5sec to 10min.
- Compatible with BrilliantSmart devices via automation & IFTTT.

APPLICATIONS

- Security floodlight with built in Smart pan and tilt camera for every home
- Light up driveways and paths.
- Monitor access points of your property to deter intruders.

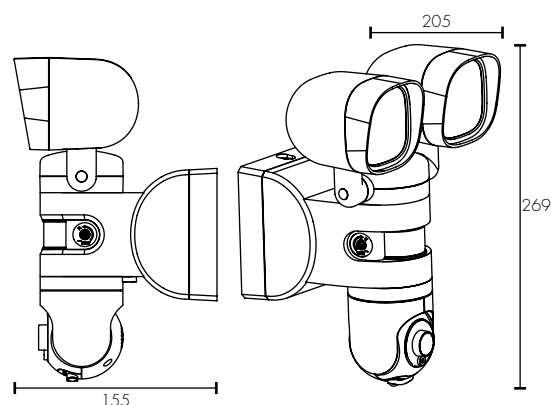

BEAMER SECURITY LIGHT & SMART WiFi CAMERA

TECHNICAL SPECIFICATIONS
