Organiser Comments

"The SJ arena was smaller to preserve the ground on what is usually the main ring. During set up we were still making ruts and footprints which would have been nigh on impossible to get out again before the October event. We will use the big arena for Dauntsey 2.

Two acres of the dressage warm up was topped so please accept my apologies that not all of it was.

Thank you everyone for your feedback, we strive to always try and improve.
