

British Eventing Youth Regional Team Championships Selection Policy

For 2020 Championships

Qualification period: 1 Aug 2019 to 30 June 2020

1. Introduction

The British Eventing Regional Teams (the “Squads”) for the 2020 Youth Regional Team Championships (the “Championships”) will be selected by the British Eventing Youth Regional Coordinators and Youth Regional Assistant Coordinators (Selectors). The Selection Panel will comprise of the Selectors and the Youth Regional Coaches. The coaches will be present in an advisory capacity only.

2. Purpose

The purpose of this policy is to describe the framework used by the Youth Regional Coordinators and the Selection Panel when selecting regional teams for the Youth Regional Championships. It is also designed as a reference document for the Youth Regional Coordinators to use when making selections. The selection policy is intended to complement the Under 18 Programme Rules for the BE90Ou18, BE100Ou18 and ONu18 Qualifiers and Championships, not replace them.

3. References

References to selection for the Championships in this Policy refers to selection of three Squads per region; one team for each level for BE90Ou18, BE100Ou18 and CCIJ2*-L. There will be up to 10 rider/horse combinations per squad that will be selected and references to the “Squad(s)” in this Policy are to be construed accordingly.

4. Objective

The objective of the Selection Policy is to select three Squads per region that will be competitive at the Youth Regional Team Championships, representing the BE90Ou18 Team Championships, BE100Ou18 Team Championships and the CCIJ2*-L Regional Team Championships.

5. Confidentiality

It is vitally important for the integrity of the Selection Policy and out of respect for the riders, owners, selectors, staff and other parties that there is at all times a high degree of confidentiality relating to information which may have a bearing on selection. Any person who breaks this confidentiality may be removed from the Selection process at any stage. All confidential information, conversations and discussions will be identified as such.

6. Policy Formation

The British Eventing Selection Policy for Championships is compiled by the Chairperson of the Youth Regional Programme in consultation with the Training & Education Youth Regional Coordinator, Sport Manager and BE Chief Executive.

7. Changes in Policy

The Selectors will have the right in exceptional circumstances (e.g. force majeure) to amend or change the Policy where necessary at any time in order to fulfil the objectives of the Policy. Any changes to the Policy must be approved in writing by the Chairperson of the Youth Regional Programme and the BE Chief Executive. The amended Policy in its entirety will be communicated to all riders (as directed by the Selectors) by email and the revised policy will be published on the BE Website.

8. Eligibility/availability for consideration

The Selectors along with British Eventing will ensure that each rider available for selection is eligible to represent their region:

- They are registered on the Under 18 Programme and assigned to that region
- They have qualified under the rules for the Youth Regional Championships which are set out in the BE Members' Handbook in Annex 6 - National Youth Championships.
- The horses available for selection have correct ownership, and that neither horses nor riders are for any reason not allowed to take part in the forthcoming Championship under British Eventing, BEF, or FEI rules.

In addition, as a condition of selection for the Championships an rider:

- Must be eligible according to the minimum eligibility criteria as defined in the FEI Regulations and BE Members' Handbook.
- Must abide by the BE Code of Conduct, as set out in the BE members' Handbook.

9. Qualification Period

The qualification period for horses and riders will be from **1 Aug 2019 to 30 June 2020**.

10. Squad Size

Three squads (CCIJ2*- L, BE100Ou18 and BE90Ou18) of up to 10 rider/horse combinations per squad will be selected. The Selectors, with support from the Selection Panel, can also select a number of Reserves. The Selection Panel may or may not prioritise the list of Reserves. Four results per squad will make up the Team score and confirmation of those who will make up the team score is according to results at the conclusion of the competition, the best four scores making up the counting team score, the remaining six combinations will compete as individuals.

11. Selection Criteria

The Selectors will take in to account the criteria set out below to use their absolute discretion to select combinations onto the Squad. They must at all times use their discretion honestly and with due integrity. The following will be considered:

- Riders competing for selection in the BE90Ou18 and BE100Ou18 Championships should compete as a combination in a minimum of two u18 classes in their own region with clear cross country within the qualification period, one of which should be in the year of the Championship. In exceptional circumstances the Youth Regional Coordinator/Chairperson may consider Riders who do not meet these requirements including MER's.
- Riders competing for selection in the CCIJ2*- L Championship should compete as a combination in a minimum of two ONu18 classes with clear cross country within the qualification period, at least one ONu18 class must be in region in the current competition year, in order to be considered for selection. In exceptional circumstances the Youth Regional Coordinator/Chairperson may consider Riders who do not meet these requirements. Combinations must also be qualified to compete in a CCIJ2*-L as per FEI rules.
- In the event of cancellations or abandonments results from other BE90Ou18, BE100Ou18 or ONu18 regional classes may also be considered, however due regard will be given when considering results, including but

not limited to: the difficulty of the cross country and jumping courses, the terrain, the competitiveness of the starters, and the rate of progress of the combination.

- In the event that there are insufficient rider and horse combinations available with two qualifying BE90Ou18, BE100Ou18 or ONu18 classes (depending on the squad) within region then u18 classes at the relevant level outside of the region may be considered.
- Demonstrations of continued good form by the rider and horse combination in both training and competition are taken into consideration. Results from non-under 18 specific classes may also be considered.
- Priority may be given to less experienced and/or younger riders who have not been selected previously for their regional squad over riders who have been selected in previous years.
- Fitness and soundness of the horse is considered – the advice of an appointed veterinary surgeon may be sought. Riders should notify the Regional Coordinator of any change in their horse's health status or veterinary management immediately. Soundness is a key factor when selection is being made.
- Fitness of the rider is considered – the advice of a doctor may be sought if necessary (at the rider's expense).
- Ability to produce peak performances in conditions similar to the Championships.
- Willingness of the rider and their parents/guardians, owners, coach, groom or others that may be assisting the rider during the Championships, to contribute to the objective of the Selection Policy.
- Demonstration of behaviour that indicates a commitment to a positive team environment both on and off the field of play.
- As a guide for competitors, they as combinations should aspire to achieve an average dressage score of 65% or above, a show jumping score of 0 penalties, a cross country score of 0 jumping penalties and aim to be no more than 8 penalty points slower than the fastest time in the class. **PLEASE NOTE:** this is a guide only; the minimum requirement for eligibility is set out in the BE Members Handbook.
- The Selectors reserve the right to select rider/horse combinations that have not fulfilled these recommendations only if it is in the interest of achieving the objective of the Selection Policy.

12. Selection Process

The Selectors may ask horses and riders to participate in specific training, tests or competitions where they deem this appropriate and necessary prior to selection and they will inform the riders concerned of the details regarding these requirements.

Selectors may use training events to assist them with the selection of the Regional squad.

The Selection Panel will meet in order to discuss selection. The Selectors will then select the Squad and Reserves as required.

13. Notification of Selection Decision

Once the Selectors have made their decision, it is the Under 18 Regional Coordinators responsibility to inform riders and owners if they have been selected or have been very close to selection. They must outline as clearly as possible to the riders, parents/guardians and owners the reasoning behind the selection, without disclosing details that can be detrimental to either the rider/horses' future.

Notification of Selection Decision is confidential until British Eventing's public announcement.

14. Announcement of the Squad for the Championships

Once the Youth Regional Coordinators advise that Squad members have been determined, ratified by the Youth Regional Chairperson and all parties informed, there must be no other public announcement of Squad members until British Eventing's public announcement of the Squad(s) at which point the news can be shared.

18 Regional Coordinators must advise riders/parents/guardians that any breach in this policy may result in the team place being forfeited.

Post Selection

15. Running Order

The Selection Panel will decide the Team running order. The Selectors will inform riders and owners accordingly. The Selectors may make amendments to the Team running order if deemed necessary to do so.

16. Maintaining Form

Riders should note that Selection decisions are subject to the horse/rider retaining fitness/performance (see *Substitution* below). Once a horse/rider combination has been selected they must maintain their form and fitness as part of a suitable training and/or competition programme, to be agreed with the Team Coaches and Youth Regional Coordinators. Failure to follow this programme or to discuss amendments to the programme could lead to the rider/horse combination being substituted.

17. Substitution

Substitution of a Squad member may occur at any time between the announcement of the Squad on and the commencement of the competition. The final decision whether to substitute, whatever the reasoning, will be made by the Selection Panel.

However, the reason for a substitution must only be because either, the relevant rider is unfit to compete due to injury or illness or there is a strong veterinary case for substitution or the performance of the rider/horse combination has dropped off to such an extent that for the success of the Team a substitution is vital. The latter situation will almost certainly occur as a result of a veterinary problem which it may or may not be possible to define given the time/resources available at the time.

Not following an agreed competition and or training programme post selection could lead to a significant drop off of performance. In the case of a rider being considered medically unable to compete the decision will be made by the Selectors following an examination by a doctor (at the rider's expense).

In the case of a horse being considered unable to compete due to veterinary reasons or unable to compete to the performance standard anticipated this decision will be made by the Selection Panel following a discussion between the Youth Regional Coordinator and the horse's home vet or on event vet.

18. Home Coaches

It is recommended that Squad riders work with their team coaches prior to and at the Championships to gain continuity unless it is pre-organised with the team coach that the rider can work with their home coach. **The rider must join all of the team course walks, talks and team meetings.**

19. Code of Conduct

Riders, owners, grooms, parents/guardians, and riders' "home teams" are expected to behave at all times in a manner that does not bring the sport or BE into disrepute, and must adhere to the BE Code of Conduct. Any breach in this policy may result in the team place being forfeited. Once competition has commenced breach in policy may result in elimination.

20. Clean Sport

Selection is subject to compliance with BEF Equine Anti-Doping and Controlled Medication Rules ("BEFAR"), FEI and WADA Rules on doping and medication control for Human and Equine. Full details on Clean Sport can be obtained from the British Eventing office – sport@britisheventing.com.

21. Weather

The weather conditions likely at the Championships will have been considered in selection, however, should there be drastic change for some reason there might be cause for alterations to be made to the Squad and/or the Squad running order and everyone concerned will be notified and an explanation given as soon as practicable.

22. Cancellation/Postponement

In the event of cancellation of the championships the relevant parties will be notified straightaway. In the event of postponement a situation might arise where a new and/or different team or individuals need to be selected, in which case all parties will be notified and normal procedure for selection will be followed.

23. Force Majeure

In the event of exceptional circumstances beyond BE's control e.g. disease outbreak in horses or humans, war or terrorism, the British Eventing Board reserves the right to make the decision, following consultation with the Selectors and Chief Executive of BE, to either change the Selection Policy or the procedures followed. This could include withdrawing the Regional Squads from the competition.

24. Point of contact

The Chairperson of the Youth Regional Programme, the Sport Manager and Training & Education Youth Regional Coordinator are the key points of contact relating to this Selection Policy. In the first instance queries should be sent to training@britisheventing.com.

13. General

The overriding objective of this Procedure is to enable British Eventing to deal with selection appeals justly. This Procedure is intended to provide an accelerated procedure to enable a Selection Decision to be resolved as quickly as is reasonably possible to provide certainty to the Team having regard to the nature of and tight timetables applicable to selection to Teams to represent the respective region. It is vital for Members requesting an Appeal and those responding to such an Appeal to appreciate that the outcome of the Appeal may have consequences affecting other Members and in the preparation for competition. Any delay therefore in commencing and processing the Appeal may ultimately prejudice the outcome of the Appeal. Accordingly dealing with an Appeal under this Procedure justly includes, in particular, ensuring that the Appeal is dealt with fairly and expeditiously.

In any unforeseen circumstances or in any situation which cannot be resolved by recourse to the provisions of this Procedure the issues shall be resolved by reference to the overriding objective and to this Procedure.
