### To be completed by planner, faculty, or any others who have influence over the educational content

Please disclose ***all*** financial relationships that you have had in the ***past 24 months*** with ineligible companies. An ineligible company<sup>1</sup> is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. For specific examples of ineligible companies, see the following page. There is no minimum financial threshold; we ask that you disclose all financial relationships regardless of the dollar amount. You also must disclose ***all financial relationships regardless of the relationship's relevance to the educational content.***

- No, I have not had** any financial relationships with ineligible companies in the past 24 months.  
 **Yes, I have had** financial relationships with ineligible companies in the past 24 months (complete details below).

Enter the Nature of Financial Relationship	<b>List all Ineligible Companies</b> <i>For each company you list, add in parenthesis the therapeutic area or product group with which you have the relationship.</i>	Click Below if the Relationship Has Ended	Company with which the Relationship Has Ended

## **Types of Ineligible Organizations That *Cannot* Be Accredited in the ACCME System and Which You Must Disclose**

Companies that are ineligible to be accredited in the ACCME System (***ineligible companies***) are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Examples of such organizations include:

- Advertising, marketing, or communication firms whose clients are ineligible companies
- Bio-medical startups that have begun a governmental regulatory approval process
- Compounding pharmacies that manufacture proprietary compounds
- Device manufacturers or distributors
- Diagnostic labs that sell proprietary products
- Growers, distributors, manufacturers or sellers of medical foods and dietary supplements
- Manufacturers of health-related wearable products
- Pharmaceutical companies or distributors
- Pharmacy benefit managers
- Reagent manufacturers or sellers

## **Types of Eligible Organizations That May Be Accredited in the ACCME System and Which You Do Not Need To Disclose**

Organizations eligible to be accredited in the ACCME System (***eligible organizations***) are those whose mission and function are: (1) providing clinical services directly to patients; or (2) the education of healthcare professionals; or (3) serving as fiduciary to patients, the public, or population health; and other organizations that are not otherwise ineligible. Examples of such organizations include:

- Ambulatory procedure centers
- Blood banks
- Diagnostic labs that do not sell proprietary products
- Electronic health records companies
- Government or military agencies
- Group medical practices
- Health law firms
- Health profession membership organizations
- Hospitals or healthcare delivery systems
- Infusion centers
- Insurance or managed care companies
- Nursing homes
- Pharmacies that do not manufacture proprietary compounds
- Publishing or education companies
- Rehabilitation centers
- Schools of medicine or health science universities
- Software or game developers
