

EBH Backpack

It Starts With Comfort.

The **EBH Backpack** attaches securely and easily to Bullard's EVA/ EVAHL Powered Air-Purifying Respirators (PAPRs). Expertly designed to evenly distribute weight, the EBH provides users with increased comfort during long periods of standing, sitting, and kneeling. The versatile design allows the EBH to be worn traditionally on the back or chest (with longer breathing hose). EBH is also designed to accommodate a tool belt with the EVA/EVAHL PAPR by tightening the straps and positioning the backpack higher on the chest or back.

Features and Benefits

- Grab handle for donning/doffing or hanging unit for storage.
- Unisex design tailored to best fit the proportions, ratios and shapes of all body types.
- Smooth surface facilitates fast wipe-downs for easy cleaning.
- Adjusters prevent any loosening or slippage until readjusted by user.

Part Number	Description
EVABKPK2	Backpack only (must be paired with belt)
EVABH1	Backpack with EVABELT1 Belt
EVABH2	Backpack with EVABELT2 Belt

Shoulder straps are fully adjustable to fit any user and reduce pressure points.

Force is evenly distributed between shoulders and hips.

Unique X-straps keep backpack in place on shoulders.

Quickly secures EVA/EVAHL with quick snap buckles.

Don and doff without assistance.

Keeps EVA/EVAHL close to the body for a secure comfortable fit.

Flexibility and mobility when standing, sitting, or kneeling.
