

CEN10™

Modern Meets Traditional Toughness

A century of head protection innovation defines the Bullard CEN10™ Helmet.

- Sleek, low-profile vented and non-vented models
- Industry's only self-adjusting FlexGlide™ suspension system
- Impact-resistant helmet shell with an inner foam comfort liner
- Integrated 3-point chinstrap
- Offers reliability, comfort, and toughness expected from a Bullard industrial hard hat
- Sports the distinctive Bullard 3-Rib trademark design
- Meets ANSI/ISEA Z89.1 Type I, Class E and G requirements; vented model meets ANSI/ISEA Z89.1 Type I, Class C requirements

Protecting Your Brain

The modern design of the CEN10 reduces peak force to the wearer's neck and transmits less force to the head providing additional protection to the user's brain.

- Expertly designed to provide the highest level of protection
- Equipped with a 3-point chinstrap to ensure the CEN10 securely stays on the wearer's head when working at heights
- Integrated 3-point chinstrap provides added wearer protection from worksite accidents

Achieving the Perfect Fit

Equipped with the patented FlexGlide™ suspension system, CEN10 lets wearers auto-adjust the fit of their helmet for all-day comfort.

- FlexGlide is the only auto-adjusting suspension on the market
- The smallest adjustments are possible with the FlexGlide Suspension
- Maximum protection with a comfortable baseball cap fit and feel

SAFETY. SINCE 1898.™
