

HOT WEATHER ACCESSORIES

Stay cool when wearing Bullard's hard hats

Bullard offers hard hat wearers a variety of accessories that help block the sun's dangerous ultraviolet rays, keep workers cool, and enhance their productivity on the job.

NEW

Evaporative Cooling Accessories

Evaporative Cooling Beanie

Get immediate relief from the heat with this uniquely designed Cooling Beanie. Submerge the Beanie in cold water for 1-2 minutes, wring out the excess water, and place on your head. The Cooling Beanie will keep your head cool for hours.

Evaporative Cooling Crown and Neck Shade

Keep your entire head cool with the Evaporative Cooling Crown and Neck Shade. Another unique product in Bullard's Evaporative Cooling line, the Crown and Neck Shade adds extra comfort when working in the heat. Submerge the product in cold water for 1-2 minutes, wring out the excess water, and velcro the Crown and Neck Shade onto your hard hat.

Polartec® Power Dry® Brow Pad

For the ultimate in wearer comfort, the Polartec® Power Dry® brow pad (RBPCOOL) is the brow pad to choose. This brow pad is designed to wick sweat away from the skin, keeping the wearer cooler than with an ordinary brow pad.

Underbrim Decal

A self-adhesive under-brim decal helps reduce the glare of the bright sun, easing the strain on the wearer's eyes and improving productivity.

Cotton Sun Shade

The 100% cotton material helps prevent sunburn by protecting the neck from the sun's harmful rays.

Evaporative Cooling Beanie (ECB)

Evaporative Cooling Crown and Neck Shade (ECCN)

Cotton Brow Pad (RBPCOTTON) and Underbrim Decal (UBG)

Cotton Sun Shade (CSS) on the Standard Series Hard Hat (S61R)

HOT WEATHER ACCESSORIES

360° Sun Shields

The Bullard SS5 and SS6 sun shields extend the hard hat brim to provide 360° protection from ultraviolet rays and sunburn. Just clip the sun shield to the brim of any Bullard cap or hat. The SS6 is designed for use with the Bullard full brim models C33, C34, and 911H hats, while the SS5 fits all Classic and Standard Series cap style models. Other benefits include:

- 100% ultraviolet protection for the shaded areas of the face, ears, and back of neck
- A “see through” Lexan® front that allows overhead visibility
- A lightweight design that adds less than 3 ounces to the weight of the hard hat

360° Sun Shield (SS6)
