Universal Element - 4500W 240V ULWD LimeLifeFoldback

Item #: 04943

Camco's 4500W 240V Universal Flange Foldback Lime Life Ultra Low Watt Density Water Heater Elements are better suited for areas with problem water (hard water, lime, etc.) Premium Ultra LWD Lime Life elements carry a limited 5 year warranty. Ultra LWD and special metal surface (high performance nickel-chromium stainless steel alloy) reduce chances of lime build-up. They resist dry firing and are ideal for problem water areas and locations with intermittent water supply will work in most brands of American, AO Smith, Bradford White, Craftmaster, GE, GS Wood, Kenmore, Lochinvar, Maytag, Mor-Flo, Reliance, Richmond, Rudd, Sears, and State. The replacement element must be the same voltage and wattage as the element being replaced. Never exceed the nameplate rating on the water heater.

- Premium Ultra Low Watt Density heating element has 5 year warranty
- 240V/4500W
- Best when water has high mineral count
- Resists dry firing
- Heats in lime and sand that would burn out ordinary elements
