

TECHNICAL DATA SHEET

MARCO POOL SALT

Important : please visit our website www.sablemarco.com for the most up-to-date information on how to use our products and to access our data sheets.

DESCRIPTION

Ultra fine and pure salt. Replaces the need for certain dangerous chemicals, such as chlorine. The pool salt is odorless. Chlorinated water with salt is less irritating for eyes and skin and easier to maintain.

RECOMMENDATIONS AND INSTRUCTIONS FOR USE

1. This product can only be used with swimming pools equipped with a salt system that has a chlorine generator.
2. Check with the manufacturer of the chlorine generator, the recommended applications and quantity of pool salt.
3. For new swimming pools, it is important to follow the swimming pool manufacturers recommendations for the application and quantity of the pool salt.
4. Pour the product directly into the water and mix well to be completely dissolved. Don't let the pool salt accumulate on the pool liner.
5. Check with the swimming pool manufacturer for other recommended products to help maintain the water quality and to perform proper regular water testing.

Dimension de la piscine, en pieds (piscine ronde, hauteur de 4 pieds) Pool size, in feet (round pool, height 4 feet)	Volume d'eau en litres Water volume in liters	Quantité de sacs Quantity of bags		Quantité en Kg Kg Quantity
		3200 ppm	800 ppm	400 ppm
15'	20 000	3 sacs/bags	1 sac/bag	8 Kg
18'	30 000	4,5 sacs/bags	1 sac/bag	12 Kg
21'	40 000	6 sacs/bags	1,5 sacs/bags	16 Kg
24'	50 000	8 sacs/bags	2 sacs/bags	20 Kg
27'	65 000	10 sacs/bags	2,5 sacs/bags	26 Kg

GUARANTEE

The responsibility of Sable Marco Inc., is limited to the replacement of the product. Sable Marco Inc. has no control over the application and use of this product. Sable Marco Inc. or the retailer offers no warranty, either express or implied, regarding the use of this product. The user will assume all risks of loss or damage following the application of this product. A proof of purchase will be required for any claim.
