We offer family caregivers and cancer patients tools to share and document a health journey, simplify care coordination, and connect to their support community.

"CaringBridge was a great resource for my husband and myself to keep people up to date on my cancer journey all at the same time and receive support from family and friends."

- JENNIFER NDEGWA,  
CANCER SURVIVOR

# CaringBridge helps people come together in support of healing.

CaringBridge replaces texts and emails with a no-cost, easy-to-use health platform to share updates with everyone all at the same time.

CaringBridge makes it easy to accept help from loved ones for errands, daily tasks, and to-dos.

Our mobile app and website ensure you're able to get the support of your community wherever you are.

### Why CaringBridge?

- CaringBridge is a trusted nonprofit with 300,000 daily visitors and 1,600 messages of love and hope posted every hour.
- 73% of CaringBridge pages are created by a family caregiver for a loved one.
- Since 1997, CaringBridge has remained free from ads, private, and easy to use.
- All our built-in features—from posting updates, and commenting to a personal fundraiser tool—are designed to bring your family relief.
