

# Your Health Platform to Surround You with Support

## Start a CaringBridge page

[Pediatric.CaringBridge.org](https://Pediatric.CaringBridge.org)

When your newborn to teen is dealing with an illness or injury, we offer family caregivers tools to share and document the health journey, simplify care coordination, and connect to your support community.

"CaringBridge was an incredible tool to keep communication open with family. It helped keep all of us 'up' when times were bad for Aric. I'm not sure how we would have gotten through it without CaringBridge."

- NANCY BURKLOW,  
MOTHER TO SON ARIC

# CaringBridge helps people come together in support of healing.

CaringBridge replaces texts and emails with a no-cost, easy-to-use health platform to share updates with everyone all at the same time.

CaringBridge makes it easy to accept help from loved ones for errands, daily tasks, and to-dos.

Our mobile app and website ensure you're able to get the support of your community wherever you are.

### Why CaringBridge?

- CaringBridge is a trusted nonprofit with 300,000 daily visitors and 1,600 messages of love and hope posted every hour.
- 73% of CaringBridge pages are created by a family caregiver for a loved one.
- Since 1997, CaringBridge has remained free from ads, private, and easy to use.
- All our built-in features—from posting updates, and commenting to a personal fundraiser tool—are designed to bring your family relief.
