Care Instructions

Your furniture, if treated with respect and love, will last you a long time. Each piece requires light maintenance to maximize its longevity.

General Care

- Do not sit on sofa arms and/or back frame.
- Always move the sofa by lifting it at the base, do not drag.
- Avoid prolonged exposure to direct sunlight and keep sofa away from any heating source to prevent fading or discoloration.
- Using a brush attachment, vacuum the sofa regularly to remove any dust particles.
- Blot spills immediately and gently with a clean micofiber cloth. Do not rub.
- Professional cleaning is advised for tough stains.
- Avoid sitting on the sofa when wearing clothing that may cause color transfer.
- For removable cushions, flip, rotate and fluff the seat and back cushions regularly to prolong their lifespan and keep them plump.
- For non-removable cushions, to straighten folds and creases that form on cushions after prolonged use, smooth the surface with your hands and tuck any excess upholstery into the sides of the cushions.

Fabric Care

- Pilling may occur because of wear and tear and can be easily removed with a fabric comb or fuzz remover.

Leather Care

- Use a leather conditioner to keep the leather soft and supple — let dry before sitting.
- Avoid placing sharp items on the sofa, like keys or scissors.
- A patina or slight sheen will develop on the surface of the sofa over time and is part of normal wear and tear of leather that adds character to the sofa.

Wooden Leg Care

- Keep legs dry.
- Clean away dust or dirt with a soft, clean cloth..
- Use paste wax to preserve the wood finish.
