Instructions

Your furniture, if treated with respect and love, will last you a long time. Each piece requires light maintenance to maximize its longevity.

General Care

- Do not sit on armchair arms and/or back frame.
- Always move the armchair by lifting it at the base, do not drag.
- Avoid prolonged exposure to direct sunlight and keep armchair away from any heating source to prevent fading or discoloration.
- Using a brush attachment, vacuum the armchair regularly to remove any dust particles.
- Blot spills immediately and gently with a clean microfibre cloth. Do not rub.
- Professional cleaning is advised for tough stains.
- Avoid sitting on the armchair when wearing clothing that may cause color transfer.
- For removable cushions, flip, rotate and fluff the seat and back cushions regularly to prolong their lifespan and keep them plump.
- For non-removable cushions, to straighten folds and creases that form on cushions after prolonged use, smooth the surface with your hands and tuck any excess upholstery into the sides of the cushions.

Leather Care
