

AHECS Cybersecurity Summit 2022

SPONSORSHIP OPPORTUNITIES

08-09 November 2022

*Applications close Friday 24 June

INVITATION FROM THE AHECS CYBERSECURITY SUMMIT CHAIR, NIKKI PEEVER

On behalf of the AHECS partners, *AAF, AARNet, AusCERT, CAUDIT, and REANNZ*, we formally invite you to partner with us as we present the 2022 Australasian Higher Education Cybersecurity Service (AHECS) Cybersecurity Summit.

This is our first in-person AHECS Cybersecurity Summit since the service was launched in 2019. The AHECS Cybersecurity Summit is an exclusive opportunity for your organisation to network with the sector's technical experts and decision makers. The insights and learnings gained from the presentations, panels, and discussions at the Summit offer immense value to participating organisations.

The AHECS Cybersecurity Summit will be held over two days at the Rex Hotel in Canberra on 08-09 November, with welcome drinks on Monday 07 November. The Summit dinner will be a night to remember, held in the aircraft hall of the prestigious Australian War Memorial, with an after-hours tour of the Memorial which is considered one of Australia's most important treasures.

The AHECS Cybersecurity Summit is unique as it provides a forum to address cybersecurity needs with a specific focus on the Australian higher education and research sector. The AHECS partnership brings together the sector's thought leaders and technical experts, many of whom are existing and potential users of your products and services.

The AHECS Cybersecurity Summit will reach all higher education institutions and key research organisations in Australia and New Zealand, as well as peers in the US, Canada, UK, South Africa, and South Pacific.

Nikki Peever

Chair, AHECS Cybersecurity Summit
Director, Cybersecurity Program, CAUDIT

ABOUT AHECS

The Australasian Higher Education Cybersecurity Service (AHECS) has performed as the peak cybersecurity body for the sector since 2019, offering a range of support and services including training, advice, collaborative activities, and threat-sharing intelligence. The 2022 AHECS focus is to unite, inform, and protect the sector, and work spans several key functions including:

- National and international collaboration within the sector, with vendors/suppliers, Governments, and other relevant parties
- Timely, relevant information sharing and threat intelligence
- Improving the information security supply chain, including third-party risk assessments and strategic procurements
- Cyber analysis and benchmarking
- Awareness and training
- Facilitating collaboration through information sharing across the cybersecurity community of practice, and CISO group.
