

NEW THIS SEASON

RECREATIONAL DANCE LEVELS

DISCOVERY LEVEL - Grades K-12

Classes in our **DISCOVERY** Level are designed for dancers of all ages who are new to that genre of dance and/or new to dance all together. These classes will focus on the terminology, fundamental movement and history for that genre of dance. We also recommend the **DISCOVERY** Level for any dancers who are moving from PreSchool to Grade School classes. While our PreSchool Program does focus on genre specific skills and terminology, we have found that dancers feel more confident and retain more knowledge in this type of class environment versus being in a class with older dancers who may have already had experience the previous season. If your dancer does excel beyond the **DISCOVERY** Level, your dancer's teacher may opt to move them to a **DEVELOPMENTAL** Level class once the year gets started.
