

A CEFALY GUIDE FOR VA PATIENTS AND PROVIDERS

CEFALY is a clinically proven, FDA-cleared, drug-free medical device for migraine that's 100% covered by VA healthcare benefits.

If you're a veteran living with migraine...

Make an appointment with your VA healthcare provider or neurologist.

- Bring this page with you to help guide your discussion, along with any notes about your symptoms and concerns.

Talk to your provider about whether CEFALY may be a good option for you.

CEFALY is indicated for:

- The acute treatment of migraine with or without aura in patients 18 years of age or older.
- The prophylactic treatment of migraine in patients 18 years of age or older.

Do not use CEFALY if you:

1. Have metallic or electronic devices implanted in the head,
2. Are suffering from pain of unknown origin, or
3. Have a cardiac pacemaker or an implanted or wearable defibrillator.

A CEFALY GUIDE FOR VA PATIENTS AND PROVIDERS

CEFALY is a clinically proven, FDA-cleared, drug-free medical device for migraine that's 100% covered by VA healthcare benefits.

Information for VA healthcare providers

To obtain CEFALY for your patient, send a consult to the hospital prosthetics department.

- CEFALY Connected device for patient's migraine treatment (item code: 10811)
- CEFALY electrode kits (___) for treatment item code: 11301)
- CEFALY hypoallergenic electrode kits (___) for treatment (item code: 11302)

About CEFALY

CEFALY Connected is an external trigeminal nerve stimulation (eTNS) device that's worn on the forehead during treatment. The 60-minute ACUTE program relieves migraine pain and other symptoms, and the daily 20-minute PREVENT program reduces attack frequency.

CEFALY Connected also pairs with the (optional) CeCe Migraine Management app, so users can control, track and adjust their CEFALY treatment sessions, log migraine attacks, and download personalized reports to share with their provider.

We offer free CEFALY Coach sessions to help patients learn how to use the device and the CeCe app. Scan the QR code to schedule a coaching session.
