

## **Internship: Bilingual Community Engagement & Food Access**

Zenger Farm, Portland, Oregon

Position closes: open until filled, priority deadline 5/5/2016

Position Type: Internship with Stipend

**ZENGER FARM** is a working urban farm that models, promotes, and educates about sustainable food systems, environmental stewardship, community development, and access to good food for all.

**Bilingual Community Engagement & Food Access Interns** will work with a team of staff, volunteers and community leaders to facilitate community engagement and educational activities focused on improving equitable access to nutritious foods in East Portland. Activities utilize our Community Kitchen in our Urban Grange facility, with adjacent classroom and gardens, which provide opportunities for education, community building, empowerment, and food entrepreneurship, such as cooking, gardening, business and leadership workshops. You will help extend these opportunities into the community as well, by supporting events like cooking demonstrations and workshops at Lents International Farmers Market, local schools and community venues.

This is an exciting opportunity that expands and strengthens Zenger Farm's community engagement efforts through our Cooking & Nutrition Education program, Community Chefs program and CSA Partnerships for Health Program. These programs create access to nutritious foods, strengthen community relationships, and create a more inclusive community through cross-cultural sharing. The Cooking & Nutrition Education program provides opportunities for participants to build community around food, learn and share cooking and gardening skills, and support one another to access healthy options. The Community Chef program supports participants from immigrant backgrounds and communities of color to be leaders in their communities by inspiring families to learn about and celebrate food and health traditions. In 2015 six Community Chefs from five countries of origin led cooking demonstrations and workshops celebrating their food traditions, while developing leadership and business skills.

This internship is highly collaborative and involves many professions and skills. Candidates interested in community development, public health, food access, nutrition or local food systems are strongly encouraged to apply.

### **TIME COMMITMENT**

- 4-8 months, starting May 17th
- 9 to 16 hours per week, including one evening or weekend day per week
- Preference given to those who can commit to 8 months and/or 16 hours/week in order to develop strong community relationships and take on leadership roles
- Required training on May 17, 5-8pm and May 24<sup>th</sup>, 4-7pm

### **RESPONSIBILITIES**

- Work as a team to organize, prepare for and facilitate community outreach events and educational workshops focused on food access, cooking, healthy eating, and community building. Workshop topics are identified by and developed in partnership with community members and partners. All events are family friendly.
- Translate materials and assist with interpretation at events
- Assist with language specific outreach
- Assist with curriculum development, program recordkeeping, and evaluation.

*Zenger Farm provides equal employment opportunity without regard to race, color, sex, age, religion, national origin, handicap, disability, veteran status, sexual orientation, or gender identity, in accordance with applicable federal laws.*
