Hersteller:**Producer:**

Chal-Tec GmbH, Wallstraße 16, 10179 Berlin, Deutschland.

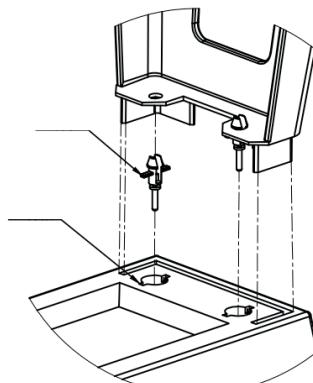

ZUSAMMENBAU

1

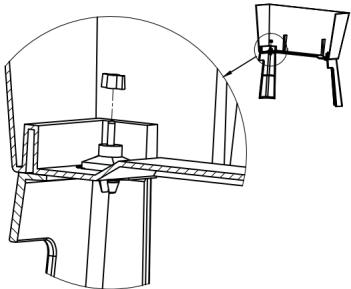

Stecken Sie die Kunststoffschrauben jeweils in die Löcher im Haltergestell.

2

Stellen Sie die beide Halterflügel mit den Schrauben direkt in die Nut im Boden des Topfes. Mit den vier Schrauben befestigen.

3

Schrauben Sie die Kunststoffmutter vom Inneren des Pflanzkastens fest.

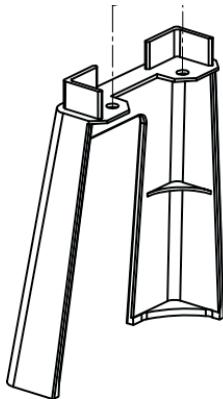

4

Stellen Sie den Pflanzkasten vorsichtig an einem geeigneten Ort auf. Füllen Sie ihn mit ausreichend Erde. Nun können Sie mit dem Pflanzen beginnen.

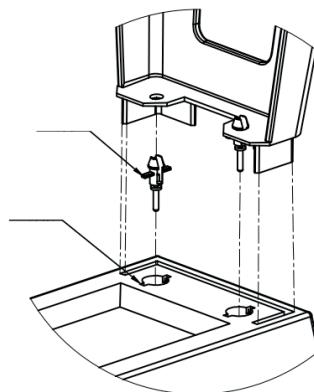

ASSEMBLY

1

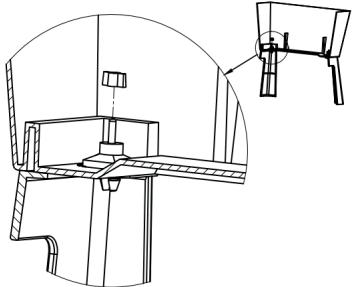

Insert the plastic screws into the holes in the support frame.

2

Place the two support wings with the screws directly into the groove in the bottom of the pot. Fasten with the four screws.

3

Screw the plastic nut into the pot from the inside.

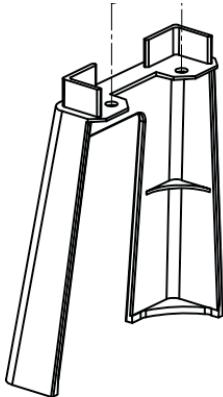

4

Carefully place the plant box in a suitable place and fill it with sufficient soil. Then you can start planting very quickly.

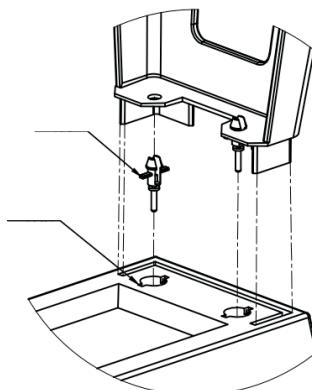

MONTAGE

1

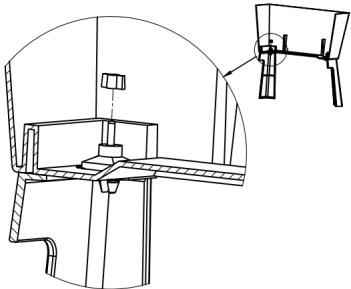

Insérez les vis en plastique dans les trous du cadre de la structure.

2

Placez les deux ailes de support avec les vis directement dans la rainure au fond du pot. Fixez avec les quatre vis.

3

Visser l'écrou en plastique de l'intérieur du carré potager.

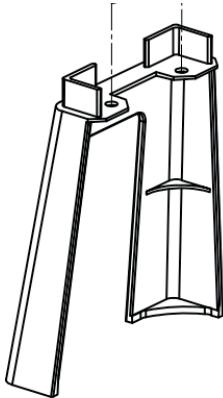

4

Placez soigneusement le carré portager dans un endroit approprié. Remplissez-le avec suffisamment de terre. Vous pouvez maintenant commencer à planter.

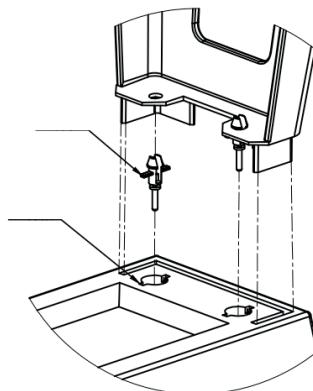

MONTAJE

1

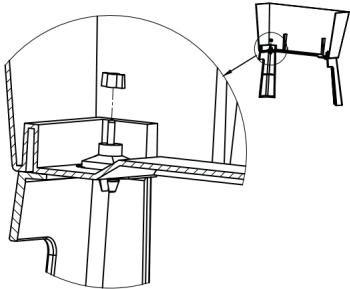

Encaje los tornillos de plástico en cada uno de los orificios del marco de soporte.

2

Coloque ambas alas de soporte con los tornillos en la muesca del suelo de la maceta. Fíjelas con los cuatro tornillos.

3

Apriete las tuercas de plástico desde el interior de la maceta.

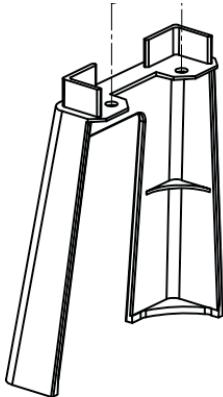

4

Coloque la maceta con cuidado en un lugar apropiado. Rellénela con tierra suficiente. Ahora puede comenzar con el cultivo de plantas

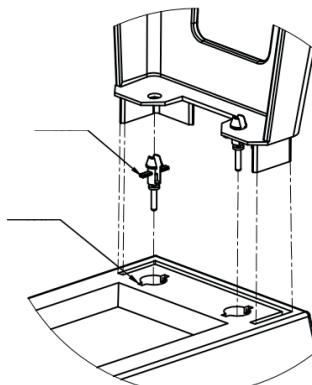

MONTAGGIO

1

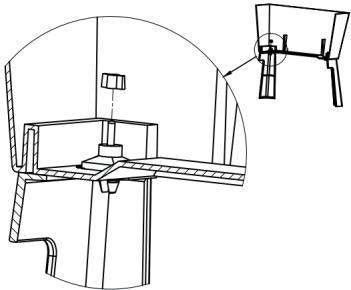

Inserire le viti in plastica nei relativi fori sulla struttura di sostegno.

2

Inserire entrambe le alette di sostegno direttamente nelle cavità sul fondo del vaso. Fissare con le quattro viti.

3

Avvitare il dado in plastica dall'interno dell'aiuola per le piante.

4

Posizionare con cura l'aiuola in un luogo adeguato. Riempirla con una quantità sufficiente di terra. Ora è possibile iniziare a piantare.
