SEASON 2018/19

CHAMPIONS HOCKEY LEAGUE 2018/19

The CHL League Ranking for the 2019/20 season takes into account the results of all clubs from each domestic league and is used to determine the number of starting spots in the CHL granted to one league. Founding leagues of Sweden, Finland, Czech Republic, Switzerland, Germany and Austria will be ranked higher than challenging leagues.

HOW TO READ THE RANKING

The leagues' club coefficients rankings are based on the results of each league's clubs in the previous CHL seasons:

- For 2019/20 season: Results from four previous CHL seasons (2015/16, 2016/17, 2017/18, 2018/19) are taken into consideration.
- The rankings determine the number of places allocated to a league in the forthcoming CHL competition.

POINTS SYSTEM

For all games played in the Group Stage points shall be awarded as follows:

- 3 points for the winning team at the conclusion of regulation time
- 2 points for the team winning the game in overtime, or the game winning shots procedure if the teams are still tied following conclusion of the overtime period
- 1 point for both teams at the conclusion of regulation time if the game is tied
- 0 points for the team losing the game in regulation time

For all games played in Playoffs points shall be awarded as follows:

- 3 points for the winning team at the conclusion of regulation time
- 1 point for both teams at the conclusion of regulation time if the game is tied
- 0 points for the team losing the game in regulation time

Clubs that reach the round of 16, quarter-finals, semi-finals and final are awarded extra bonus point for each round.

COEFFICIENT CALCULATION

The coefficient is calculated by working out an average point per league: by dividing the total number of points achieved by the total number of games played by all representatives from one league.

Example:

5 teams from Finland achieve together 50 points plus 6 bonus points in 30 games throughout one CHL season: $56 / 30 = 1.88$ average point for Finnish league

Example:

Season 2015/16:	average points for Finnish league:	1.81
Season 2016/17:	ditto.	1.71
Season 2017/18:	ditto.	1.87
Season 2018/19:		

The coefficient determines the standing in the CHL league ranking where points will be granted as following:

1st place = 100 points

2nd place = 95 points

3rd place = 90 points

.....

Where two leagues have the same coefficient the league with the higher coefficient in the most recent season will be placed first.

Note:

With the start of the season 2018/19 the describe four-year period will be applied.

The results of the previous four CHL season will be weighed as follows:

Season 2015/16:	25%
Season 2016/17:	50%
Season 2017/18:	75%
Season 2018/19:	100%
