Christian Brothers University

Official Notice: Immunization Requirements for Christian Brothers University Students

As a full-time student at Christian Brothers University, individuals are required to have a completed health form and required to abide by CBU's Health Policies. Failure to provide such documentation may result in the **cancellation of your class registrations**. Your place in your classes **may be jeopardized** if documentation is not received prior to the deadlines prescribed below.

Those who cannot prove immunizations will need to be re-immunized. Medical and religious exemptions are allowed by law, and such requests must be made in writing and addressed to CBU Health Services, Office of Student Development & Campus Life.

Immunizations Required by Christian Brothers University

Vaccination	Who must comply	Compliance Requirements	Deadline
Meningococcal Meningitis	All new students living in on-campus student housing	Proof of vaccination or signed declination. Once vaccination must be completed on or after 16th birthday.	Must be completed by time of move in.
Varicella (Chickenpox)	All new full-time students born after 1979.	Proof of immunity	Must be completed by registration.
MMR (Measles, Mumps, Rubella)	All new students born after January 1, 1957 who are taking more than 12 hours.	Proof of vaccination with 2 doses of vaccine; or lab test demonstrating immunity.	Must be completed by registration.
Tuberculosis Skin Test	All new international students	Proof of negative test result taken in the U.S. Test must have been within one year of admission.	Must be completed by registration.

Please send official immunization document(s) or record to:
