

# What can I do with a major in Nursing (RN to BSN)

CBU Career Services • (901) 321-3330 • [www.cbu.edu/career](http://www.cbu.edu/career) • [career@cbu.edu](mailto:career@cbu.edu)

*The information below describes typical occupations and employers associated with this major.  
Understand that some of the options listed below may require additional training.  
Moreover, you are not limited to these options alone when choosing a possible career path.*

## **Description of Nursing**

Christian Brothers University offers a convenient and affordable RN to BSN Program in a mix of online and face-to-face format. We invite you to become a part of this exciting, new program that will give you the ability to further advance in nursing.

This 3-semester RN to BSN program for Registered Nurses provides a unique alternative to the traditional method of pursuing a bachelor's degree. The program is designed as a transformational learning experience leading to personal and professional skill development to meet the needs of Registered Nurses previously prepared at the ADN or diploma level.

The CBU Nursing Program uses a cohort-based learning module for the RN-BSN completion program. Cohorts of 20-25 adult learners share the academic experience as a cohesive group participating in active learning to enhance nursing knowledge and cognitive skills, including synthesis, analysis and evaluation.

The admissions calendar for nursing allows students to be accepted on a rolling basis throughout the year. CBU has two starting classes each year— in August and January.
