July 2020

Congratulations June 2020 Comfort Keeper of the Month!

William P.

Since joining our team Oct. 2019 William's big heart contributes to his thoughtfulness and understanding. He continues to make a warm impression with every client he encounters. Williams communication with the office and his clients goes above and beyond expectations. He has endless patience and more importantly, he treats his clients as an individual, seeing not a diagnosis but rather the person behind it. This is evident in a survey done by a client's family member who wrote "Dad really looks forward to William's visits and is glad to have William there to drive him around every week, I really appreciate William". We admire Williams strong work ethic and commitment to our clients as a Comfort Keeper. We are grateful to have him on our team!! Thank you, and congratulations!

Quote of the Month: It always seems impossible... until its done. dream big!!

Fun Facts About Independence Day

Each year around 500,000 people gather to watch fireworks and listen to patriotic music in Washington DC on the Capitol lawn.

There were approximately 2.5 million people living in the United States when independence was declared in 1776. John Adams and Thomas Jefferson, both presidents and signers of the Declaration of Independence, died on the 50-year anniversary on July 4, 1826. President James Monroe also died on July 4th and President Calvin Coolidge was born on July 4th.

The longest running celebration is said to be the Bristol Fourth of July Parade in Rhode Island which has been running since 1785.

Why Comfort Keepers?

Comfort Keepers is a good company to work for and the office staff are very supportive.

What do you LOVE about your job?

I'm able to help someone who needs my help and makes me feel appreciated.

What makes you a successful CK?

Always be observant. Even if the client can't always tell you what's wrong, it helps you give the right individualize care that the client may need.

Words of Wisdom you'd like to pass on to your TEAM members: Always talk to each other. Keep good communication between your fellow co-workers, clients, and clients' family.

Tips for wearing your protective mask this summer

- . Pick a breathable fabric!:: A lightweight, breathable material like cotton or linen will allow for more airflow.
- . Get your strap tension right: it might be better to use an adjustable strap that you either tie or tighten with a clasp
- . Don't stay out too long
- . It's crucial to wash your mask every time you wear it.
