Support for families living with Dementia and Alzheimer's Disease

| FAMILY SUPPORT |

Across the U.S., an estimated 5.8 million seniors are living with Alzheimer's disease, and the Alzheimer's Association projects that population to grow more than 140% by 2050. Our qualified, experienced caregivers can help families as part of a care team by working with physicians and supporting treatment plans.

At Comfort Keepers®, we believe that everyone should experience connection, purpose and joy, no matter their age or the level of care they need. Among the tens of thousands of seniors we help, 18.3 percent suffer from various forms of dementia or Alzheimer's. Our specially trained *Comfort Keepers*® engage clients in intellectual, physical and emotional interactions that complement medical treatment and improve the quality of life for seniors and their families.

Why Comfort Keepers®

Our goal is to provide uplifting in-home care that benefits seniors and their families. The individualized care plans we create for our clients can include companion care, respite care and Alzheimer's and dementia care. Our caregivers can provide escort to community events, support physician-prescribed exercise and diet regimens, provide companionship and help families stay connected through technology. We strive to elevate the human spirit through quality, compassionate, joyful care.

We provide:

- In-home safety assessments
- Post-procedure monitoring
- Medication reminders
- Assistance with daily activities (bathing, dressing and ambulatory assistance)
- Provide escort to appointments
- Meal preparation and dietary assistance
- 24/7 monitoring and notification services

At Comfort Keepers®, we understand the struggles families face when caring for a senior with Alzheimer's disease or dementia. Our *Comfort Keepers*® are trained to provide Alzheimer's and dementia care that supports opportunities for meaningful engagement, builds and nurtures authentic, caring relationships, and implements a care plan that evolves with the senior's needs.

Improving quality of life for seniors and their families

Could someone you know benefit from additional assistance from a trained Alzheimer's and dementia care professional?

We're here to help. Contact us today.

Support for families

By choosing Comfort Keepers®, families receive support that includes:

- Specially trained caregivers
- Family education to better understand dementia
- Joyful activity geared to a senior's interests to engage them physically, mentally and emotionally
- In-home services such as personal care, companionship, medication reminders, and family respite care
- *SafetyChoice*® in-home safety technologies, including medical alert systems and motion detectors
