**Congratulations
September 2020
Comfort Keeper of the Month!**

Lindsey Scott

Lindsey joined our team in July of 2019 and since day one has been a dedicated and dependable caregiver. She is hardworking and takes pride in understanding the needs of her clients. Lindsey's clients speak very highly of her, one client stated "things wouldn't be the same without her. She waits for Lindsey to get there and has their game set up before she arrives. Another client's daughter said "she is very impressed with Lindsey, she gave her a task of clearing out the craft room and she is so Thankful for all of Lindsey's hard work, the room looks great!" Lindsey's very first and current client had this to say, "Lindsey is Top Rate and a very nice young lady, you should be happy to have her in your employee group."

Lindsey is always willing to go the extra mile by picking up shifts when asked, she responds immediately to any texts or calls from the office and she communicates regularly with office staff about her clients.

These are just a few of the amazing qualities that Lindsey has brought to our TEAM!

Why Comfort Keepers?
I enjoy working with the elderly, and people in need.

What makes you a successful CK?
Doing my job, to the best of my ability and being dependable, honest and compassionate.

Words of wisdom you'd like to pass on to your TEAM.
Always treat others the way you would like to be treated. With appreciation and respect.

One of the best things an in-home care provider can offer is consistent monitoring. If your client starts to experience confusion, memory troubles or has trouble talking, you may well be the first to notice.

Quality senior care enables you to closely monitor the condition of your senior clients. From the condition of their skin to any changes in cognition or speech, you can let their family and physician know of any changes.
