### Words of wisdom you'd like to pass on to your TEAM.

You may be the only person your clients see that say so make sure you make them feel special every time you are there!

Now that the weather is cooler, it pays to be prepared for the unexpected. Plan extra time to allow for weather conditions and holiday/shopping traffic! We recommend all weather tires, an extra blanket, have emergency car kits, and ice scrapers. **Your clients depend on you! PROCEED WITH CAUTION**

### Maintenance Tips and Advice for Safe Winter Driving:

1. Check your battery level and tire tread.
2. Check your antifreeze
3. Replace wiper blades
4. Keep your gas tank at least half full
5. Practice cold weather driving in an empty parking lot. Steer into a skid
