

## A Shout-Out to our Community Partners

Comfort Keepers is honored to work with so many community partners in Central Oregon. All of us have pulled together this year to take care of our seniors in need.

Take a moment to say “thank you” when working with one of our partners and please let us know if you’d like to learn more about any of these amazing organizations — we are stronger together!

**Christmas and New Years Day**  
 Just a reminder for those of you working the Christmas and New Year’s Day holiday— you are paid holiday rates at time-and-a-half for all holiday hours. Most of our high-need clients will schedule regular services on these days and we thank you for making their time as safe and as special as possible! Please call or text the office with any questions.

## ADDRESS UPDATE!

It's that time of the year — we need to be sure we have your correct mailing address on file so that your W2 gets mailed to the proper location.

Please note that these forms come directly from our payroll company—NOT Comfort Keepers — so it's important your address is correct in the system.

Please look for an email next week asking you to verify your mailing address. As well, feel free to text the office at 541-241-3225 with your address and we'll be sure to update it in our system.

Thank you!

## BEVERLEE—FIVE FUN FACTS!

Beverlee Jackson (Bev) came to us this summer and was interested in companion care for our senior clients. She actually took on some of our higher-needs clients with compassion and kindness. It's obvious Bev has a calling for this work and we are grateful she is part of the Comfort Keepers Team!

And WOW—that's a 27lb Alsea River Chinook Salmon!

- Bev is a 4th generation Oregonian.
- A farm girl at heart, Bev has 2 horses, 3 miniature donkeys, chickens, a peacock, her dog Riley and her very own tractor!
- She loves to travel and her favorite trip was to Northern India spending a month visiting monasteries.
- Bev's passion includes being with family & friends, horses and fishing. Before joining Comfort Keepers, fishing was the only thing that motivated her to get up at 5am!
- Though retired as a healthcare educator for many years, she's still an active board-certified patient advocate and reiki practitioner.

## Winter Prep

For all new team members—please ask the office for a copy of the Winter Prep Plan. It's a reminder of how we work with our clients and caregivers when it comes to ice and snow on the roads, what it means when there's a winter emergency and how we prioritize our client care.

If you did not get a copy, please call or text the office so that we can send it out to you again. Also, if your client needs another copy, we can get one to the family.

Thank you!
